

SHOWER CLEAN LA1361D

(Ready to Use)

Cleans and sanitises showers

SHOWER CLEAN LA1361D is a liquid acidic cleaner, designed to remove soap scum, rust and hard water scale from showers, hand basins, tiles and porcelain, stainless steel and plastic surfaces.

SHOWER CLEAN LA1361D combines organic and mineral acids, surfactants and solvents to remove a range of soils, rust stains, scale and grime in a one-step cleaning process. It is free rinsing and leaves surfaces sparkling clean and shiny.

SHOWER CLEAN LA1361D has a low viscosity and can be sprayed on. It leaves a pleasant perfume.

PHYSICAL AND CHEMICAL PROPERTIES

Appearance	Colourless liquid with a pleasant odour
pH	1 - 2
Density @ 25°C gm/cm ³	1.1
