

ADCHLOR LB854

Liquid Chlorine Bleach

ADCHLOR LB854 is a liquid chlorine bleach recommended for the removal of stains from white cotton fabric.

When used as directed **ADCHLOR LB854**:

1. Will rapidly remove a wide variety of stains including proteinaceous stains like blood.
2. Is suitable for use during the laundry process or as a presoak.
3. Will dissolve quickly and completely in warm or cold water thereby reducing the chances of "pin hole" damage.
4. Is suitable for automatic dispensing by laundry feeder system, thereby maximizing efficiency, economy and safety.
5. Will not yellow or damage fabric if used in accordance with instructions.
6. To maintain its high-performance characteristics when used in hard water.

CHEMICAL AND PHYSICAL PROPERTIES

Appearance:	Yellow liquid
Flash Point:	Non-flammable
pH (1% solution):	10-12
Foam Characteristics:	Very low
Odour:	Chlorine odour
Specific Gravity:	1.25

DIRECTIONS FOR USE

ADCHLOR LB854 is recommended for use as a bleach under specific conditions and the recommended addition rate will vary dependent upon:

- Machine type and capacity
- Wash temperature
- Dip (water) levels
- Type and degree of soiling
- Other additives (if any) used during the wash program

In general, **ADCHLOR LB854** is added to the rinse immediately after the main wash. To prevent potential fabric damage the rinse temperature should not exceed 65°C.

The addition rates below will normally yield good results when washing cotton whites. Please seek specific advice before using **ADCHLOR LB854** on coloureds or synthetics.

DRY WEIGHT MACHINE CAPACITY	SOIL LOAD	ADDITION RATES
10 kg	Medium	50 - 75 ml
	Heavy	75 - 100 ml
	Extra Heavy	100 - 150 ml
22 kg	Medium	100 - 150 ml
	Heavy	150 - 200 ml
	Extra Heavy	200 - 300 ml
45 kg	Medium	200 - 300 ml
	Heavy	300 - 400 ml
	Extra Heavy	400 - 600 ml

SAFETY PRECAUTIONS

Warning - This product is alkaline. Avoid contact with the eyes. Avoid prolonged contact with the neat product or its solutions with the skin. Avoid inhaling vapour or spray mist.

Store in a cool place. Do not store in direct sunlight.

Keep drum securely closed with the venting cap provided.

Product develops gas. Open cautiously, especially in hot weather.
