

# DISHMASTER LC1562

## High Performance, Chlorinated Dishwashing Machine Detergent

**DISHMASTER LC1562** is a premium quality, chlorinated dishwashing detergent, designed for use in all types of single and multi-staged dish washers.

**DISHMASTER LC1562** razor sharp cutting power rapidly penetrates and dislodges all soils commonly found on dishes, cutlery and glassware.

**DISHMASTER LC1562** contains chlorine to rapidly remove tea and coffee stains from cups and leave dishes, cutlery and glassware hygienically clean.

### **DISHMASTER LC1562** is DESIGNED:

1. to provide the power of a powder with the convenience of a liquid. **DISHMASTER LC1562** razor sharp cutting power rapidly cuts through all soils commonly found on dishes cutlery and glassware
2. to maintain it's high performance characteristics when used with hard water
3. to suspended dislodged soils, thereby increasing the efficiency of subsequent rinsing operations
4. not to adversely effect stainless steel and silver when used as directed
5. to be corrosion safe on all metals usually employed in dishwasher construction
6. to be low foaming thereby maximizing spray jet efficiency and not interfering with machine performance
7. to be economical in use - **DISHMASTER LC1562** powerful formulation means that it is highly effective even at low concentrations
8. to contain only biodegradable surfactants
9. to minimize scale formation, thereby reducing and in some cases eliminating the need for regular de-scaling of machines

### **CHEMICAL AND PHYSICAL PROPERTIES**

Appearance:	Thin pale yellow liquid
Flash Point:	Non-flammable
pH (1% solution):	>13
Odour:	Slight chlorine
Foam Characteristics:	Low
Specific Gravity:	1.2

## **DIRECTIONS FOR USE**

**DISHMASTER LC1562** should be added to the dishwasher by the Advance Closed Loop System linked up to a dispenser. **DISHMASTER LC1562** will provide excellent results and economy, without the risk of spills

### **PLEASE NOTE:**

The supply, installation and maintenance of the dosing equipment are subject to a loan agreement and minimum usage requirements.

To achieve optimum results Advance recommends that **RINSE MASTER LN1563** is added to the rinse stage of the dishwashing cycle.

**DISHMASTER LC1562** IS NOT SUITABLE FOR ADDITION TO DISHWASHING MACHINES BY HAND.
