

TOP SHELF LB178

High-Performance, Liquid Glass Washing Detergent (Non-Caustic and Chlorine-Free)

TOP SHELF LB178 is a premium quality, non caustic non chlorinated dishwashing detergent, designed for use in machine, or by hand.

TOP SHELF LB178 has premium detergents rapidly penetrate and dislodges all soils commonly found on. It contains surfactants to free rinsing leaving no residues and not to effect beer quality.

TOP SHELF LB178 has been **DESIGNED**:

- **TOP SHELF LB178's** razor sharp cutting power rapidly cuts through all soils commonly found on dishes cutlery and glassware
- to maintain its high-performance characteristics when used with hard water
- to suspended dislodged soils, thereby increasing the efficiency of subsequent rinsing operations
- not to adversely effect stainless steel and silver when used as directed
- to be corrosion safe on all metals usually employed in dishwasher construction
- to be low foaming thereby maximizing spray jet efficiency and not interfering with machine performance
- to contain only biodegradable surfactants
- to minimize scale formation, thereby reducing and in some cases eliminating the need for regular de-scaling of machines

CHEMICAL AND PHYSICAL PROPERTIES

Appearance:	Blue clear liquid
Flash Point:	Non-flammable
pH (1% solution):	10.7
Odour:	None
Foam Characteristics:	Low

DIRECTIONS FOR USE

Machine Washing: **TOP SHELF LB178** should be added to the machine via its auto feeder, or at the rate of 2ml per every litre of water used.

Hand Washing: For best results use 2 sinks, the first used for washing with about 3ml **TOP SHELF LB178** per litre of hot water used, and the the second sink used for rinsing, then allowing glasses to dry.
