

ADWASH LF LB1739

Low Foam Liquid Laundry Detergent

ADWASH LF LB1739 is a low foam liquid laundry detergent using new generation surfactants. These have improved ability to remove greasy soils especially if the pH or the builder content is low. This results in an improved wash.

ADWASH LF LB1739 is biodegradable, non caustic, contains soil suspending agents and optical brighteners.

ADWASH LF LB1739 can be use alone or it can be combined with a builder such as **ASSIST LB1740** for heavy duty washing.

CHEMICAL AND PHYSICAL PROPERTIES

Appearance:	Thin blue liquid
Flash Point:	Non-flamable
pH (1% solution):	10 - 12
Foam Characteristics:	Low
Odour:	Moderately perfumed

DIRECTIONS FOR USE:

ADWASH LF LB1739 recommended addition rate will depend upon:

- Machine type and capacity
- Wash temperature
- Dip (water) levels
- Type and degree of soiling
- Other additives (if any) used during the wash program

The addition rates below for a 10 kg machine will normally yield good results under most conditions.

DRY WEIGHT MACHINE CAPACITY	SOIL LOAD	ADDITION RATES
10 kg	Light	25 - 50 ml
	Medium	50 - 75 ml
	Heavy	50 - 100 ml
	Extra Heavy	75 - 120 ml

ADWASH LF LB1739 should be used in the main wash. Although **ADWASH LF LB1739** is suitable for use at a variety of temperatures optimum results are achieved when used in the main wash with a water temperature greater than 65°C.
