

BARREL SAFE

CLEAN CONCRETE FROM SURFACES

BARREL SAFE RTU LA1970

Designed and manufactured in Australia, is a Ready To Use acidic cleaner created to remove concrete from transport vehicles and equipment. It will also remove rust and hard water scale from a variety of metal surfaces. It does not contain Hydrochloric Acid or Urea Hydrochloride.

Removes Concrete from Surfaces

Low attack of metals

Safe/Easy to Use

Safe on aluminium and alloy

Not Classified as a Dangerous Product

Safe on most painted surfaces

Australian Made

DIRECTIONS:

Apply by Broom or Mop to remove concrete from steel, stainless steel, aluminium, plastic and painted surfaces. Leave on for 1-10 mins to act on the concrete and then hose off with water. It can be applied to small areas such as wheels, by a low-pressure sprayer.

This product will corrode concrete floors and should be washed off if spilt, but will not corrode asphalt.
