

SUPER SLIP LS84

Multi Purpose Lubricant

(Non-Oily, Non-Staining)

SUPER SLIP LS84 lubricates all moving surfaces. Because it is based on silicones it has a non oily feel and repels dirt.

SUPER SLIP LS84 is suitable for metals, plastics and sewing thread. It acts as a dry lubricant, a rust preventative and a release agent.

Because of its low volatility and low odour, **SUPER SLIP LS84** is a user-friendly lubricant to work with.

CHEMICAL AND PHYSICAL PROPERTIES

Appearance:	Clear colourless liquid
Flash Point:	61°C
Density:	0.8
